

## Mission Statement:

In the Early Years Foundation Stage at Roseberry Primary School, our mission is to provide an enabling environment that promotes the learning and development of every child attending our setting. Our EYFS curriculum is designed to ensure that children develop the knowledge, learning, and life-long skills that they need to succeed in life. Our learning includes a balance of discreet, adult-led sessions and carefully planned continuous provision where children have the opportunity to investigate and apply their learning using both indoor and outdoor environments. At Roseberry we want our children to become confident, independent learners who feel safe, supported, and nurtured at every point of their time with us in EYFS. All staff in our EYFS team have a thorough understanding of the EYFS curriculum and we use that know-how to support children effectively.

At Roseberry, we aim to work hand in hand with our Parents and Carers, during every step of the journey to ensure that our children leave Roseberry EYFS as **resilient**, independent, and **reflective** learners. This links in with our school avatars. Through a range of experiences, we want children to learn how to work together **collectively** and become responsible, **respectful** members of the EYFS community, and the wider community of Billingham. We want families to be involved as much as possible in their child's learning. As your child's very first educators we understand how valuable your input is. That is why at Roseberry Primary we strive to invite you to school whenever possible. Communicate with you via our home school diaries as well as electronic communication. Our door is always open and we are ready to talk to you about your child's development whenever you feel necessary. We firmly believe that working hand in hand with our parents ensures the best outcomes for our children.

As an EYFS team, we aim to:

- Develop the speech and language of all our children, providing opportunities to create a language-rich environment that will boost the oracy of all our children through opportunities to talk, sing, listen, and respond to a wide range of stories, and poems.
- Create a stimulating learning environment that ensures each child reaches their full potential through taking risks and becoming confident to try new things.
- Ensure that every child receives a broad and balanced education of the highest standard, and is helped to discover their strengths.
- Create a safe, caring, happy community where every child feels safe, nurtured, and supported.
- Encourage respect for each other and the environment.

- Create reflective, resourceful, resilient, confident, and independent learners.
- Nurture the spiritual, moral, social, emotional and physical well-being of each individual.
- Build strong relationships with families to create an open and welcoming school and a strong ethos of parents as partners in our children's education.

We aim to be the best that we can for our children.
